To Whom It May Concern:

Recently Caulton Contraction Company did a construction job for us which included re-roofing, and remodeling.

As you know, the process of reconstruction can cause the homeowners much stress. We would like to say that Tim's attitude, punctuality, quality of work, and consideration for us was superior. This includes his construction crew.

On a scale of 1 to 10, we give Tim's company a 9, and intend to highly recommend him to our friends.

Sincerely,

Norm & Anne M.
